

Foster & Kinship Care Education Program

Barstow Community College

The FKCE Program provides quality education and support opportunities for caregivers of children and you in out-of-home care so that these providers may meet educational, emotional, behavioral and developmental needs of youth and children. These services are open to the public at no cost.

WHO CAN ATTEND?

Our target audience is foster and relative caregivers. However, our trainings are open to everyone in the community including social workers, educators, group home staff, family and friends.

Welcome to FKCE
