

**INSTRUCTOR EVALUATION FORM  
PART B (1) – ONLINE CLASS OBSERVATION**

Name of instructor being evaluated:
Class being observed:
Date of observation:
Observation conducted by:

1. Is the course syllabus consistent with College requirements for online classes?

2. Is the content of lessons comparable in substance, length, and complexity to similar classes that are taught “live”?

3. Do the discussion questions stimulate critical thinking on the part of students?

4. Is the instructor's participation in online discussions sufficient, both in terms of frequency and content? (Instructor participates in each discussion question assigned; instructor's input encourages students to think critically).

5. Is the course compliant with ADA regulations for handicapped accessibility? (consult with access specialist to respond to this item)

6. Is there evidence that the course is designed and delivered in a manner that facilitates student learning at or above the level achievable through conventional, live instruction?
