BARSTOW COMMUNITY COLLEGE RAISES MONEY FOR THE AMERICAN BREAST CANCER FOUNDATION

Barstow, California, February 1, 2016- During the last Barstow Community College District Board of Trustees meeting, members of the Board presented a donation check to the American Breast Cancer Foundation for \$2,040.76.

The donation was presented by the former Board President, the ASG President, and the Director of Student Life.

The funding was raised by students, faculty, staff, administrators, board members, and Barstow residents during the Wellness Center Grand Opening in October.

The American Breast Cancer Foundation is a non-profit 501 (c) 3 organization headquartered in Columbia, Maryland. ABCF's mission is to provide financial assistance for breast cancer screenings and diagnostic tests for uninsured and underserved individuals, regardless of age or gender. ABCF has served thousands of individuals and continues to focus on reducing financial barriers to breast cancer early detection screening.

This donation will benefit residents in the Barstow community. Further information about the American Breast Cancer Foundation can be found at www.abcf.org.
