Per federal regulations, ACCJC is responsible for monitoring for significant program growth (or decline) that may potentially impact an institution's ability to meet Accreditation Standards. ACCJC does not determine what constitutes a program for colleges. For the purposes of this report, you may define degree-applicable credit programs as appropriate for the context of your institution's unique mission.

Distance Education and Correspondence Education

#	Question	Answer
8.	Do you offer Distance Education?	Yes
8a.	Total unduplicated headcount enrollment in distance education in last three years:	2018-193,5772019-203,6272020-213,499
8b.	Percent Change 2018-19 to 2019-20: (calculated) Percent Change 2019-20 to 2020-21: (calculated)	1% -4%

8. Additional Instructions and Data Definitions:

Distance education is defined as education that uses technology to deliver instruction to students who are separated from the instructor(s) and to support regular and substantive interaction between the students and the instructor, either synchronously or asynchronously. For the purposes of this report, include only those courses that are 100% online in your calculation of unduplicated headcount enrollment for distance education. Do not include hybrid courses or courses in which all the class hours are face to face, but some material is posted online.

8a. IMPORTANT NOTE REGARDING DATA FROM SPRING 2020: When calculating total DE enrollment for 2019-20, please include 100% online courses from summer 2019, fall 2019, and winter 2020. For Spring 2020, please include only courses that were originally scheduled as 100% online. Omit any courses that shifted to a distance modality due solely to the COVID-19 pandemic.

9. Do you offer Correspondence Education?

9. Additional Instructions and Data Definitions:

Correspondence education is defined as education in which (1) the institution provides instructional materials (and examinations on these materials), by mail or electronic transmission (including transmission via learning management system) to students who are separated from the instructor; and where (2) interaction between the instructor(s) and the student is limited, is not regular and substantive, and is primarily initiated by the student. Online courses or online portions of courses which primarily involve "paperwork" (e.g., reading textbook and other materials posted by the instructor, taking examinations, and submitting assignments) will fall within the definition of correspondence education rather than distance education. If the online portion of a class meets the definition of correspondence education, then even if the class also meets on site, it will be considered a correspondence education course for Title IV qualification purposes. Correspondence education is not considered distance education within the U.S. Department of Education definition (see question 8, above).

Federal Data

#	Question	Answer
10.	List the current Graduation Rate per the US Education Department College Scorecard	20 %
The U institu	dditional Instructions and Data Definitions: S Education Department College Scorecard can be accessed at https://college itions name in the search box to find the current graduation rate. For the pur ation rate is defined as "the share of students who graduated within 8 years of	poses of the College Scorecard,
11.	If your college relies on another source for reporting success metrics, please identify the source (select one) .	CCCCO Student Success Metrics dashboard (Scorecard)
12.	Please provide a link to the exact page on your institution's website that displays its most recent listing of student achievement data.	https://www.barstow.edu/abo ut-bcc/institutional-effectivene

No

ss/office-institutional-researc h/research-evaluation

12. Additional Instructions and Data Definitions:

ACCJC will include a link to this page in your institution\'s entry in the ACCJC Directory of Accredited Institutions (https://accjc.org/find-an-institution). This reporting and monitoring requirement supports ACCJC\'s recognition by the Council of Higher Education Accreditation (CHEA) and is aligned with ACCJC\'s Accreditation Standard I.C.3 and Eligibility Requirement 19.

Institution Set Standards for Student Achievement

#	Question		Answer					
Course Completion Rates								
10	List your Institution-Set Standard (floor) for successful		2018-19	2019-20	2020-21			
13.	student course completion rate:		74 %	74 %	74 %			
	List your stretch goal (aspirational) for successful		2018-19	2019-20	2020-21			
13a.	student course completion rate:		76 %	76 %	76 %			
	List the actual successful student source completion		2018-19	2019-20	2020-21			
13b.	List the actual successful student course completion rate:		76 %	72 %	75 %			
For th with a succe Quest	13. Additional Instructions and Data Definitions: For the purposes of this report, the successful course completion rate is calculated as the number of student completions with a grade of C or better divided by the number of students enrolled in the course. If your institution calculates successful course completion differently, you may respond using your local calculation and describe your methodology in Question 20.							
14.	ficates Type of Institute-set standard for certificates:		Number of certific					
14.								
	If Number-Other or Percent-other, please describe:				1

19. Additional Instructions and Data Definitions: For the purposes of the Annual Report, Job Placement Rate is defined as the percentage of students who are employed in the year following completion of a CTE (career-technical education) certificate or degree program. (This means that the

3/1/22, 3:39 PM

REVIEW ACCJC Annual Report

denominator for the 2020-21 job placement rate will be the number of students who completed the program in 2019-20.) Report only those programs with a minimum of 10 students in the completion year. For example, if a program had 9 students complete in 2019-20, you do not need to report a job placement rate for 2020-21. Report only those programs for which reliable data are available. If your institution has defined its job placement rate differently than what is described above, you may complete this question using your local definition provided that you describe this definition in Question 20.

Other Information

20. Please use this text box to provide any comments regarding the data submitted in this report (optional, no limit). Question 19: Completers in 2019-20 (in programs with 10+ completers); Rates from 2022-23 Fiscal Planning Year of Perkins Core 4 Indicator Reports (2017-18, 2018-19, 2019-20)
