

OVERVIEW

The BEST NET Employee Self Service Site gives you direct access to your personal payroll data via the Web. You can review, print, or save your latest pay stub or annual W-2 tax form at your convenience from work or at home. In addition, pay information will continue to reside in the self service site for the current calendar year plus two historical years. W2 information will be available for five calendar years. For districts currently utilizing the **Employee Leave Tracking System**, real-time Leave Activity is available.

The Employee Self Service Site is a secure web site requiring authentication during the initial registration process as well as a logon and password validation every time the site is accessed.

Future enhancements will include integrating benefit information.
