SUPERINTENDENT-PRESIDENT

Dr. Eva Bagg

SUPERINTENDENT-PRESIDENT'S MESSAGE

I am honored to congratulate Barstow Community College (BCC) Class of 2025 graduates. I also want to sincerely offer my warmest and most enthusiastic congratulations to the families. These unsung heroes have supported our graduates from the beginning of their postsecondary education to the final stages of earning a certificate or an associate degree.

As Superintendent-President, I have had the privilege to meet with students and learn their unique trajectories. Your stories have shown me your resilience, commitment to your dream of pursuing a higher level of career and education, and ambition to lead a life centered on purpose, achievement, attainment of academic excellence, social justice, and service learning. Although each of our graduate stories is different, each represents a mosaic of triumphs that intersect the role and education Barstow Community College provides to our graduates in the next stage of their lives.

Our graduates have had the pleasure of decorating their caps to signify their unique identities through visual representation. The commencement program features the significance of stoles, academic achievements, and honor cords and why these special recognitions matter. We hope you see the beauty of our diverse student population and that Barstow Community College is positively transforming the lives and communities it proudly serves.

Thank you to all the graduates and families who traveled to be here today. Your success is our success.

Thank you to the fantastic faculty, staff, administrators, and Board of Trustees who supported each student through their journey.

Dr. Eva Bagg

Superintendent-President,
Barstow Community College

COMMENCEMENT CEREMONY DECORUM AND COURTESY

The faculty and staff at Barstow Community College congratulate you on your academic achievement and wish to ensure the commencement ceremony will be a fitting conclusion to this phase of your education.

The Barstow Community College Commencement ceremony is, by its very nature, a festive occasion. The festivity manifests itself in many ways including the dress of the students; the faculty adorned in academic regalia; and the warmth, joy and satisfaction of accomplishment.

The ceremony is also marked by seriousness where the actual conferring of degrees signifies hard work on the part of everyone involved: students, faculty, staff, administrators, parents, and spouses. As a consequence of the serious nature of the ceremony, students and guests are expected to maintain a measure of decorum consistent with the occasion.

The college community requests that audience participation be of respectful celebration honoring the commitment to learning and the fulfillment of dreams shared by all degree candidates who today walk across the stage. This element of respectful celebration also extends to the parents, guardians and spouses whose labor and support brings pride to the fulfillment of these dreams, and to the family members aspiring to one day have their moment of “walking across the stage.”

ACADEMIC REGALIA

University commencements are exciting celebrations of student achievement, and they also provide faculty, students, and their families a visible connection to the birth of the modern university way back in the 12th century.

Academic regalia is often referred to as the “cap and gown” but involves several distinct components. Required attire for commencement depends on the level of academic achievement.

Scholarly rank and discipline are indicated by the cut of the gown and color of the hood and tassel.

The sleeves and trim of the gown varies by level of degree:

- The associates and bachelor’s gown is generally black, untrimmed, has pointed sleeves, and falls below the knees.
- The master’s gown is untrimmed and features oblong sleeves that are open at the wrist. The sleeves may also have a base hanging down. The terminal Master of Fine Arts degree may also have three braided cords attached above the sleeve opening.
- The doctoral gown is faced down the front with velvet and across the sleeves with three bars of the same; these facings and crossbars may be of velvet of the color distinctive to the field of study to which the degree pertains. Doctoral gowns may also include distinctive piping in the institution’s colors.

Caps are worn as part of the academic attire and can vary in style:

- Mortarboard: The most common type, a square cap with a tassel attached.
- Tam: A softer, often velvet, beret-like alternative to the mortarboard, preferred by some doctoral holders.

The regalia hood colors typically include four sections: shell fabric, velvet edge, satin field, and satin chevron. The color of the velvet edge depends on the title of the degree obtained. The satin field and chevron represent the colors of the school attended. The shell fabric color matches the overall color of the gown. The overall size and shape of the hood and velvet edging represents the level of degree obtained. When utilized, associates degrees use a cowl instead of a hood. Some hood colors are listed below:

HARMONY GRIFFIN

CLASS OF 2025, STUDENT SPEAKER

My name is Harmony Griffin, and I'm proud to be graduating from Barstow Community College with a degree in Liberal Arts, concentrating in Mathematics. My journey has been one filled with purpose, growth, and community—and I owe so much of that to my family. My mom has been a special education teacher for 14 years, and her compassion and commitment to her students deeply inspired my passion for education. My dad served in the military for 17 years before retiring in April 2021, teaching me discipline, strength, and what it means to lead with integrity. My sisters are my best friends, always uplifting me, grounding me, and reminding me why I keep pushing forward.

While at Barstow, I've had the honor of creating and serving as the president of the Black Student Union, where I helped establish our B.L.A.C.K. values: Building Bridges, Leadership and Legacy, Advocacy and Advancement, Cultural Consciousness, and Kinship. I also served in the Associated Student Government as Commissioner of Equity & Diversity, where I advocated for student needs and built relationships across campus. Being a part of the Shades of Sisters cohort gave me a village of powerful women who constantly poured into me, while my role as a student worker in Academic Affairs helped sharpen my professionalism and showed me the value of hard work behind the scenes.

Each of these experiences helped shape me into the woman I am today: a passionate leader, a lifelong learner, and someone committed to creating space for others.

What's Next: I'll be transferring to the University of Nevada, Las Vegas (UNLV), where I will be pursuing a degree in Secondary Education with a concentration in Mathematics, along with a second degree in Sports Media. My decision to become a High School Math Teacher comes from my own struggles and triumphs with math. I want to be the kind of teacher who makes students feel seen, supported, and capable—especially those who may have once believed math wasn't "for them." I want to be the educator who turns doubt into confidence and opens doors for students the same way my teachers did for me.

At the same time, my love for photography—specifically sports photography—has become more than just a hobby. Capturing the energy, movement, and emotion of the game, especially football, brings me so much joy. My dream is to become an NFL photographer, combining my creativity and passion for storytelling with the fast-paced world of professional sports.

Whether I'm in a classroom or on the sidelines of a stadium, I'm committed to making an impact—one student, one story, and one shot at a time.

MATTHEW CONDE

CLASS OF 2025, STUDENT SPEAKER

My name is Matthew Conde. Over the past couple years, I've been fortunate enough to build up an excellent academic record at BCC. As part of the honor society leadership team, I helped take the club from one-star to four-star status in only half a year. I've also been part of an ongoing initiative with the dual enrollment department to help bring our college to the next generation of scholars. Outside of extracurriculars, I also work as a tutor at the TLSC, where I help guide struggling students through various subjects.

However, my most meaningful accomplishment isn't found in my GPA or in any record. The thing I'm most proud of is the growth I've had during my time at BCC. When I enrolled in the Summer of 2023, I had no academic foundation. I never thought higher education could be an option for me, but it turned out to be the best thing I'd ever done for myself. BCC transformed me into a top student, a leader, and most importantly, BCC gave me a purpose. For all this, and more, I am forever indebted to this institution.

What's Next: For my next step, I will be transferring to a university in the Fall where I hope to double major into sociology and psychology. I love studying people and learning more about how they operate at the micro and macro levels. I don't have any specific career in mind, but if I'm deepening my knowledge of humans and how we connect with each other, I'll be happy.

ALMA MATER

Hail to our alma mater dear,
To you we sing this hymn.
Happy of heart and strong of limb,
We serve always heeding your call.
Though we may leave your fair grand halls,
We'll always sing of you,
Forever wave the blue and gold,
We pledge our hearts to you.

Bles'd with the desert's golden sun,
Under a sky of blue,
We hold your honor dear to heart,
Our love never failing, but true.
When we are gone from thy grand halls,
There's still the blue and gold,
We'll never falter in our pride,
We pledge our love to you.

The background is a dark blue field composed of numerous overlapping triangles of varying shades of blue. Several of these triangles feature a bright, glowing blue light at their vertices, creating a starry or crystalline effect. A thin, gold-colored rectangular border is positioned in the lower-left corner, extending towards the bottom and right edges of the frame.
