

# Responding to On-Campus Immigration Enforcement Activities

1.

**NOTIFY** campus security by calling (760)252-6836.

Provide as much detail as possible about what you observed (e.g., vehicle description, immigration officer description(s), location of officers, time seen, behavior observed, requests made, etc.)

2.

**DO NOT ENGAGE** directly with persons perceived to be immigration officers. Your personal safety is our primary concern.

3.

**GUIDE** any students or staff to the nearest classroom, office, or building space, closing and locking doors behind you. (You may not allow ICE access to enter these non-public spaces.)

4.

**AWAIT** inside for notification from College Leadership on the status of your report and clearance to return outside.

5.

**STAY INFORMED** by reviewing resources and sharing with students and colleagues:
