COURSE INFORMATION	13

Associate Degree Requirements

The associate degree awarded by Barstow Community College represents the successful completion of a program of study designed to develop the knowledge, skills, and abilities expected of a community college graduate. In alignment with California Code of Regulations, Title 5, and the policies of the California Community Colleges Board of Governors, the associate degree signifies that a student has achieved competence in a defined body of knowledge and has demonstrated the ability to think critically, communicate effectively, apply quantitative reasoning, and engage with diverse perspectives.

General education is an integral component of the associate degree and is intended to develop students' intellectual, personal, and social capacities. Through exposure to multiple disciplines, students gain an understanding of the modes of inquiry used in the major areas of knowledge, develop information competency, and cultivate an appreciation for cultural diversity, ethical reasoning, and lifelong learning. These principles are consistent with institutional learning outcomes and are regularly evaluated through the College's curriculum review processes to ensure ongoing quality and compliance with accreditation standards.

The following requirements apply to all Associate of Arts (AA) or Associate of Science (AS) degrees offered by Barstow Community College:

Unit Requirements

- A minimum of 60 semester units of degree-applicable coursework
- Completion of:
 - A major or area of emphasis (minimum of 18 units)
 - General education coursework
 - Competency requirements in written expression, oral communication, and mathematics
- A minimum grade of "C" or better (or "P" where applicable) in all courses required for the major

Competency Requirements

Students must demonstrate competency in the following areas with a grade of "C" or better:

- Written Communication: ENGL C1000
- Oral Communication: COMM C1000 or COMM 3
- Mathematics: MATH 1-99 or STAT C1000

General Education Requirements

Students must complete a pattern of general education, including a minimum of one course from each of the following areas:

- Any ARTS or HUMA
- Any Social or Behavioral Science
- Natural Sciences
- AHLT 51, 63, CHLD 4, HEAL 1-99, MUSI 1-99, SDEV 1-9, or KINA 1-99

Scholarship Requirement

An institutional and cumulative GPA of 2.0 or higher in all work attempted and grades of "C" or better in coursework for the major.

Residence Requirement

Completion of a minimum of 12 semester units at the college. This requirement may be waived under the provisions of the Servicemembers Opportunity College.

Associate Degree Option: Cal-GETC

The general education requirements are the same as the requirements for the California General Education Transfer Curriculum (Cal-GETC). This pathway is designed for students who plan to transfer to a University of California campus (UC), California State University campus, or a private university.

Associate Degree Option: Local

The general educational requirements satisfy the local degree requirements and are designed for students who are planning to seek immediate employment after graduation. Students intending to transfer to a 4-year institution should follow the Cal-GETC option.

PROGRAMS OF STUDY

Education

Associate of Arts Degree for Transfer, Elementary Teacher Education: Integrated Programs

The Associate in Arts for Transfer Degree in Elementary Teacher Education: Integrated Programs offers students a breadth of study across disciplines. The courses are designed to inspire and prepare students, future educators, to teach in urban classrooms, to learn essential professional knowledge including professional teaching standards and ethics, to conduct fieldwork in order to learn how to meet the diverse needs of students and roles of the teacher, and to gain a broad foundation of knowledge across the disciplines that will be necessary to teach elementary students. Students also develop critical reading, writing, and thinking skills that are pertinent to working in the era of a standards based classroom instruction. Students completing this ADT in Elementary Teacher Education: Integrated Programs degree are guaranteed admission to the CSU system, but not necessarily to a particular CSU campus of their choice.

Students must complete the following Associate Degree for Transfer requirements:

(1) Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including:

(A) The California General Education Transfer Curriculum (Cal-GETC) requirements.

(B) A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

(2) Obtainment of a minimum grade point average of 2.0. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A "P" (Pass) grade is an acceptable grade for courses in the major.

Program Learning Outcomes

Upon successful completion, the student will be able to:

- Demonstrate introductory subject matter competency and knowledge of integrated studies found in liberal studies.
- Summarize practical knowledge of the teaching profession after completing 45 hours of fieldwork in a public elementary classroom.

Personal & Career Exploration

Associate of Arts Degree, Liberal Arts

The Associate degree in Liberal Arts is designed for students who wish to have a broad knowledge of the liberal arts and sciences plus additional coursework in an Area of Emphasis. Within this major, students who plan on transferring to a university can typically satisfy both their general education requirements as well as many pre-major requirements for transfer. Consult with a counselor for information regarding your intended major and the specific college or university of your choice.

Program Level Outcomes

Upon successful completion, the student will be able to:

- Utilize the degree to begin working in the field or transfer to an accredited four-year university as a junior as a STEM major.
- Utilize the degree to begin working in the field or transfer to an accredited four-year university as a junior as an Arts, Communication, and Humanities major.
- Utilize the degree to begin working in the field or transfer to an accredited four-year university as a junior as a Social, Behavioral, and Pre-Professional major.

STEM

Associate of Arts Degree for Transfer, Kinesiology

The Associate in Arts in Kinesiology for Transfer (AA-T), also called the Kinesiology AA-T Degree, prepares students to transfer to CSU campuses that offer a bachelor's degree in Kinesiology. Ed Code Section 66746-66749 states students earning the Kinesiology AA-T degree will be granted priority for admission as a Kinesiology major to a local CSU, as determined by the CSU campus to which the student applies. Students with a degree in Kinesiology may pursue careers in a variety of health science professions including physical training, physical therapy, fitness instruction, coaching and athletics. The completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for upper-division work. The Kinesiology AA-T Degree requires a total of 23-25 units in required courses and restricted electives from the categories below as indicated.

Students must complete the following Associate Degree for Transfer requirements:

- (1) Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including:
 - (A) The California General Education Transfer Curriculum (Cal-GETC) requirements.
 - (B) A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
- (2) Obtainment of a minimum grade point average of 2.0. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A "P" (Pass) grade is an acceptable grade for courses in the major.

Program Level Outcomes

Upon successful completion, the student will be able to:

- Demonstrate an understanding of the scientific, functional, and mechanical processes of the human body.
- Demonstrate competencies as it relates to psychomotor, cognitive, and affective domains relating to kinesiology.
- Examine and evaluate physical activities and their relationships to wellness and fitness.

Math & Computer Science Cluster

Associate of Science Degree for Transfer, Mathematics

The Associate in Science in Mathematics for Transfer will allow students to seamlessly transfer to a CSU campus by providing the necessary breadth in the field, an introduction to the methods used, and the ability to complete both major preparatory coursework along with courses required for general education. The student will acquire the ability to apply the principles of statistics, differential and integral calculus of one and several variables, and differential equations.

Students must complete the following Associate Degree for Transfer requirements:

(1) Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including:

(A) The California General Education Transfer Curriculum (Cal-GETC) requirements.

(B) A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

(2) Obtainment of a minimum grade point average of 2.0.

ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A "P" (Pass) grade is an acceptable grade for courses in the major.

Program Level Outcomes

Upon successful completion, the student will be able to:

- Interpret and draw inferences from mathematical models such as formulas, graphs, and tables.
- Utilize a variety of problem-solving techniques and strategies to identify, analyze, and solve problems.
- Create and analyze mathematical models of real world and/or theoretical situations, including the implications and limitations of those models.

Athletics

ATHL 7

3 Unit

Intercollegiate Cross-Country (Men)

Course Hours: 162 hours laboratory

This course provides an opportunity to develop the knowledge, skills and strategy for the serious and recreational competitive athlete in long distance running. The course is designed to emphasize competition and will help the athlete achieve a higher level of competitive ability through instruction of skills, technique, strategy and personal evaluation before, during and after competition. In addition, this course provides for inter-conference, invitational, conference, sectional and state level competitions. Field trips are required. Limitations on Enrollment: Per Title 5 § 58106, this course is an intercollegiate competition course, therefore, seats will be allocated to students judged most qualified by the instructor of the course.
