## I. Progress on Program Level Outcomes (PLOs) and Student Learning Outcomes (SLOs) Data

### A) Summarize the progress made on course level outcomes and assessments (SLOs):

Since the last program review, the Cosmetology program has made significant strides in strengthening both instruction and student outcomes. Two new full-time faculty members have been hired: one bringing 36 years of teaching experience and another with a barbering license, expanding instructional expertise and student support. The program has also established new accounts with Cosmoprof and Essential Labs, ensuring students have access to current, industry-standard salon products and consumables. Assessment data reflects strong student success, particularly with Black students, whose outcomes have been so positive that other programs have asked us to share our strategies. Overall, students are progressing through the program and passing their exams at encouraging rates. Key areas of improvement remain in physical space and equipment. The program is in urgent need of updated salon tools and expanded facilities to better serve students. A sustainable budget allocation of approximately \$40,000 annually (\$20,000 per semester) would support this growth. Looking ahead, the program plans to build on its equity successes by continuing to support women entering the workforce and by expanding offerings to include Barbering. This addition would attract more male students and further diversify the student body while addressing regional workforce needs. We would also like to include community classes that would include natural haircare courses.

### B) Please list specific courses or SLOs that were identified for student-centered growth and improvement.

We have had some changes in Full time faculty and we are currently in the process of revising the current program from a seven course program to a five course program.

E) Reflecting on the responses for B) and C) above, what will you implement for the next assessment cycle?

We plan to implement the five course program both Certificate and Degree. Along with the new Barbering and evening Cosmetology programs by Fall of 2026.
